

Hey, will you join me?
Cause we're going on a holiday

Just a few nights to go, hope you're ready for this.
Go and pack your suitcase, we're going on a trip.
Don't forget your trunks and wear sunglasses for style.
Bring a book to read and blow up your crocodile.

Running, flying, sailing, biking,
we are almost there!

Yeah come along and join me, we're going on a holiday.
We can chill or play outside, travel across the world.
Holiday, holiday, we're going on a holiday.
Holiday, holiday, we can go everywhere.

Let's go to a funfair, you, your friends and me.
Sunbathe on the beach and swim in the sea.
Let's build a sandcastle and enjoy the sun.
Or dream away under a big umbrella all day long.

Running, flying, sailing, biking,
we are almost there!

Yeah come along and join me, we're going on a holiday.
We can chill or play outside, travel across the world.
Holiday, holiday, we're going on a holiday.
Holiday, holiday, we can go everywhere.
